

How to find Bigadan A/S

Many GPS-devices cannot find our address because the office is situated at the end of a small dirt road.

Coming by the highway E45

From south (Kolding, Billund, Horsens etc.):

Take exit number 52

Turn left and drive 200 meters

Turn left to enter the high way again in the opposite direction (there is no exit when coming from the south).

Take the next exit, number 53, and turn right.

From north (Aarhus/Aalborg): Take exit number 53 and turn right.

Follow the road (Vroldvej) a few kilometers.

Look for a big stone with *Damgaard* written on it and a small blue sign with number 170, on the right side of the road (it is just before the road goes downhill into a valley).

Turn down the dirt road next to the stone, and follow it to the end to a farm building.

Turn to the right, around the corner of the building. The office is through the red door at the far end of the building. **Welcome!**
